

**FACULTY OF CIVIL AND ENVIRONMENTAL ENGINEERING**  
**Environmental Engineering**

**Specialization: Modern engineering in water management**

**1<sup>st</sup> term, academic year 2025/2026**

**October 30, 2025**

|           | 08 ÷ 09                                                                                                                          | 09 ÷ 10                                                                                                                                                                           | 10 ÷ 11 | 11 ÷ 12                                                                      | 12 ÷ 13                                                                                                                                                        | 13 ÷ 14                           | 14 ÷ 15                                                                 | 15 ÷ 16 | 16 ÷ 17                                                                                                        | 17 ÷ 18 | 18 ÷ 19 | 19 ÷ 20 |
